

Virtual Care

Virtual Health Care

Powered by **Dialogue**

Virtual health care that connects you with registered nurses, nurse practitioners, and physicians from anywhere in Canada

For eligibility details, visit alumo.ca.

Consult with doctors, registered nurses, or nurse practitioners via telephone, video calls, or chat through Dialogue's platform, ensuring confidentiality and flexibility.

The benefits

- Quick and easy access to medical professionals
- Safe, non-urgent medical care for a wide range of health concerns
- Referrals and requisitions with specialists and labs (requisitions may vary by province)
- Provides prescriptions for pickup at your preferred pharmacy
- Support for women-specific health concerns
- Wellness program to help you adopt a healthy lifestyle
- Interactive self-help training
- Personalized follow-up with a Dialogue care team member
